NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2014

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Mischler Financial Group, Inc. (the “Company”) was incorporated in California on November 17, 1994 and commenced operations on March 17, 1995. The Company is a registered broker-dealer in securities under the Securities Exchange Act of 1934 and is a licensed member of the Financial Industry Regulatory Authority (“FINRA”).

The Company conducts business on a fully disclosed basis with three broker-dealers and, accordingly, is exempt from Rule 15c3-3 of the Securities Exchange Act of 1934 under the exemption appearing in paragraph (k)(2)(ii) of Rule 15c3-3.

From time to time, the Company enters into commission sharing arrangements with its customers whereby the Company will rebate a portion of its commissions earned back to its customers. All customer monies related to these commission sharing arrangements are held in a separate bank account for the exclusive benefit of the Company’s customers. At all times, the balances in the bank account equal or exceed the balance due to its customers. Accordingly, the Company is exempt from Rule 15c3-3 of the Securities Exchange Act of 1934 under the exemption appearing in paragraph (k)(2)(i) of Rule 15c3-3.

Registration

The Company must register with state departments which govern compliance with securities laws for the states in which it does business. The Company generates a substantial amount of commission income in the states of California and Connecticut. Various regulatory requirements exist in the states with which the Company must comply. Should the Company violate certain state securities laws, it could be prohibited from doing business in those states.

Concentrations of Credit Risk

Cash and cash equivalents

The Company maintains its cash and cash equivalent balances at financial institutions that are insured by the Federal Deposit Insurance Corporation (“FDIC”) and the Securities Investor Protection Corporation (“SIPC”). At December 31, 2014, the Company had amounts in these accounts in excess of the FDIC/SIPC insurance limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk related to these deposits.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2014

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Customers

In the normal course of business, the Company's activities involve the execution and settlement of various customer securities and financial instrument transactions. These activities may expose the Company to off-balance-sheet credit risk in the event the customer is unable to fulfill its contracted obligations. The Company mitigates this risk by dealing with institutional investors through an extensive approval process.

The Company's receivables are primarily due from brokers, dealers and clearing organizations and customers. The Company expects to collect amounts due because of these customers' history with the Company and the nature of the industry, although actual collections may differ from amounts recorded.

As of December 31, 2014, receivables from two clearing organizations and one broker dealer accounted for approximately 54% of the total receivables from brokers, dealers and clearing organizations. As of December 31, 2014, receivables from two customers accounted for approximately 96% of the total receivables from customers.

Cash and Cash Equivalents

The Company considers highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents are recorded at cost, which approximates fair value.

Receivables from Brokers, Dealers and Clearing Organizations

Receivables from broker, dealers and clearing organizations include amounts receivable arising from settled transactions.

Other Receivables

Other receivables consist of receivables from employees. Other receivables are non-interest bearing and are due on demand.

As of December 31, 2014

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Office Equipment

Office equipment consists of equipment, furniture and fixtures. Depreciation is provided for using the straight-line method over the estimated useful lives of the related assets, which is generally three years. Office equipment is fully depreciated.

Cash Surrender Value of Life Insurance Policy

The Company maintains a life insurance policy for one of its shareholders. The cash surrender value of the policy as of December 31, 2014 was \$208,681.

Revenue Recognition

The Company primarily derives its commission revenues from securities transactions. Commission revenues and related clearing expenses are recorded on a trade-date basis. Customer securities transactions are cleared by Bank of America Merrill Lynch (“BAML”), Industrial and Commercial Bank of China Financial Services, LLC (“ICBC”) and Bank of New York Mellon.

Underwriting revenue includes fees earned through the Company’s participation in offerings of debt and equity securities. Underwriting revenue is earned in securities offerings in which the Company acts as an underwriter and includes underwriter fees. Underwriter fees, and related syndicate expenses, are recorded when all significant items relating to the underwriting cycle have been completed and the amount of underwriting revenue has been determined. Underwriting revenue is recorded net of related expenses. As co-manager for underwriting transactions, management must estimate the Company’s share of transaction related expenses incurred by the lead manager in order to recognize revenue. Transaction-related expenses are deducted from the underwriting fee and therefore reduce the revenue that is recognized as co-manager. Such amounts are adjusted to reflect actual expenses in the period in which the Company receives the final settlement, typically 90 days following the closing of the transaction.

As of December 31, 2014

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Income Taxes

The Company has elected to be treated as a C corporation for income tax purposes. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements in accordance with the accounting guidance for income taxes. Deferred tax assets and liabilities are recognized for future tax benefits or consequences attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A valuation allowance is provided for significant deferred tax assets when it is more-likely-than not that such assets will not be realized through future operations.

The Company recognizes any uncertain income tax positions on income tax returns at the largest amount that is more-likely-than not to be sustained upon audit by the relevant taxing authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. There are no unrecognized tax benefits as of the date of adoption. There are no unrecognized tax benefits included in the statement of financial condition that would, if recognized, affect the effective tax rate. The Company's policy is to recognize interest and/or penalties related to income tax matters in income tax expense. The Company had no amounts accrued for interest and penalties on the Company's statement of financial condition at December 31, 2014.

The Company is subject to taxation in the U.S. and State of California. The Company does not foresee material changes to its gross uncertain income tax position liability within the next twelve months. The Company is no longer subject to IRS or state examinations prior to 2010.

Fair Value Measurements

As of December 31, 2014, the Company measures the fair value of certain of its financial assets on a recurring basis. The Company applies the fair value hierarchy of Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, to rank the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

MISCHLER FINANCIAL GROUP, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2014

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets and liabilities, quoted prices in the markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

As of December 31, 2014, the Company's cash surrender value of life insurance policy of \$208,681 is valued using quoted prices for similar assets, or Level 2, as defined by the fair value hierarchy.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the recorded amounts of revenues and expenses during the reporting period. Significant estimates made by the Company's management include but are not limited to, the collectability of receivables, the valuation of life insurance policy and the Company's share of transaction-related expenses in underwriting transactions. Actual results could differ from those estimates.

Fair Value of Financial Instruments

At December 31, 2014, the Company's financial instruments include cash and cash equivalents, receivables from brokers, dealers and clearing organizations, receivables from customers, deposits with clearing organizations, other receivables, accounts payable and accrued expenses, commissions payable and subordinated borrowings. The carrying amount of cash and cash equivalents, receivables from brokers, dealers and clearing organizations, receivables from customers, deposits with clearing organizations, other receivables, accounts payable and accrued expenses and commissions payable approximates fair value due to the short-term maturities of these instruments. Based on borrowing rates currently available to the Company, the carrying value of subordinated borrowings approximates fair value.

Related party subordinated notes, 8%, due March 28, 2015	\$ <u><u>2,000,000</u></u>
--	----------------------------

The related party subordinated borrowings are available in computing net capital under the SEC's uniform net capital rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

The related party subordination agreements are scheduled to mature on March 28, 2015; however, the terms of the subordination agreements provide for the automatic extension of the maturity dates for an additional year, unless the subordinated note holders provide notification to the Company and FINRA, at least seven months prior to the scheduled maturity date, that such scheduled maturity date shall not be extended. Holders of the Series A Preferred Stock have no voting rights. In connection with its facility leases, the Company has indemnified its lessor for certain claims arising from the use of the facilities. The duration of the guarantees and indemnities varies, and in many cases is indefinite. These guarantees and indemnities do not provide for any limitation of the maximum potential future payments the Company could be obligated to make. MISCHLER FINANCIAL GROUP, INC.

NOTES TO STATEMENT OF FINANCIAL CONDITION

As of December 31, 2014

NOTE 5 – COMMITMENTS AND CONTINGENCIES, continued

Purchase Commitments

In connection with its underwriting activities, the Company enters into firm commitments for the purchase of securities in return for a fee. These commitments require it to purchase securities at a specified price. Securities underwriting exposes the Company to market and credit risk, primarily in the event that, for any reason, securities purchased by the Company cannot be distributed at anticipated price levels. At December 31, 2014, the Company had no open underwriting commitments.

NOTE 6 – RETIREMENT PLAN

The Company has a 401(k) profit sharing plan (the “Plan”) in which all eligible employees, as defined, can elect to participate. Employees can contribute up to 75 percent of their earnings, up to allowable Internal Revenue Service limits, each year. Employer contributions to the Plan are at the discretion of the Company and vest over a six-year period. During the year ended December 31, 2014, the Company did not make any contributions to the Plan.

NOTE 7 – NET CAPITAL REQUIREMENTS

As a registered broker-dealer, the Company is subject to the Securities and Exchange Commission’s Uniform Net Capital Rule (Rule 15c3-1), which requires that the Company maintain a minimum net capital, as defined, and may not permit its aggregate indebtedness, as defined, to exceed fifteen times its net capital. At December 31, 2014, under the most restrictive requirement, the Company had net capital of \$3,566,865 which was \$3,316,865 in excess of its minimum required net capital of \$250,000. The Company’s ratio of aggregate indebtedness to net capital was 0.91 to 1.

NOTE 8 – RESERVE REQUIREMENTS AND POSSESSION AND CONTROL STATEMENT FOR BROKERS OR DEALERS

The Company is exempt from the provisions of Rule 15c3-3 (pursuant to paragraphs k(2)(i) and k(2)(ii) of such Rule) under the Securities Exchange Act of 1934 (Note 1). Because of such exemptions, the Company is not required to prepare a determination of reserve requirements or possession and control statement for brokers and dealers by Rule 17a-13 and Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have reviewed management's statements, included in the accompanying Exemption Report of Mischler Financial Group, Inc., in which (1) Mischler Financial Group, Inc. (the "Company") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3(k)(2)(i) and § 240.15c3-3(k)(2)(ii) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraphs (k)(2)(i) and (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries and copies of checks, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2014, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers (detail of annuity contracts revenue and details of commissions on treasury bills and certificate of deposits, customer's payment details), noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers (revenue listing of annuities contracts and general ledger transaction detail by account) supporting the adjustments, noting no differences; and

5. Compared the amount of any overpayment, if applicable, applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
